POINT WATERSPORTS CLUB
CLUBHOUSE UPDATE

Dear Members,

It's worth mentioning the spectacular weather we enjoyed this past weekend, a great sign of what we hope will be a long, sunshine-filled summer season ahead.

This weekend is our annual **Boat Inspection Weekend**, so please ensure you've made arrangements if you still need to complete yours. **Please note** that office will be charging R50 to each member who requires copies made over boat inspection weekend.

We're also excited to announce that our much-loved annual visit from Santa Claus is set for **16 December**! R50 per child includes a hot dog, slushie, and access to the jumping castle. Please remember to hand in all presents at the office no later than **14 December**.

A gentle reminder as we head into the busy months: please do not double-swipe your card at the boom for guests to access undercover parking. Parking is limited and reserved for members only. Let's all be considerate and help keep things running smoothly as the season ramps up.

This weekend's entertainment:

- **Friday**: Christene 17h30 to 20h30
- **Sunday**: Igal 13h00 to 16h00

Wishing everyone a great week ahead.
See you at the club!

Warm regards,

Grant Wessels
General Manager

Durban Undersea Club

ENVIRONMENTAL

We had an epic snorkel on Saturday morning with the **Breathe Conservation** team! A solid 10kg of debris was collected, and we loved spotting everything from tiny critters to the bigger reef favourites. A huge thank you to the team, our faithful volunteers, and to DUC for hosting us and sponsoring the post-dive coffees. Save the date: **6 December** for our final beach and reef clean-up of the year.

OPEN WATER SWIMMING

The **DUC Open Water Swimmers** have been enjoying some spectacular early-summer conditions. Join their social morning swims and start your day with a dose of ocean magic. This coming weekend is the monthly **League Swim**, which has officially been moved to **Sunday, 30 November** due to weather. Keep an eye on the group chats for any further updates, or contact Steve directly if you'd like to enter.

SCUBA DIVING

Our **DUC Dive Team** returned from the annual Sodwana Bay trip with smiles all round after a weekend of fantastic diving. Thank you to the team at Amoray and to everyone who joined, already counting down to next year's adventure! Thanks **Bryan Hart** for sharing some photos!

FREEDIVING

There is one space left for the final **Beginner Freediving Course** of the year, running **19 to 21 December**. If you've been curious about freediving, this is your chance to dive in before the year ends.
For details, contact **Angie 082 874 1706**.

Durban Ski Boat Club

The good news this week is that **THE DORADO HAVE ARRIVED**!! Most of the boats that were out on Friday and Saturday over the past weekend managed to find a few decent-sized Dorries, and in the deep, the water temperatures were sitting around the 25 ˚C mark, and the ocean was a crystal clear, deep blue. There were a lot of smaller Dorado around, and many of these were returned, but there are some bigger fish in the mix too, and it seems, from catch reports from some of the other clubs, the further north you fish, the bigger the fish get. This all bodes extremely well for our **2025 Dorado Bonanza**, which will be held on **December 20th**. Entry into the competition is just R200 per angler and will give you a chance at the grand prize of R15 000 cash, for the biggest Dorado, or at one of the other great cash prizes in the men's, ladies', or juniors categories. Entries can be done online from our website. or by scanning the QR code below.

BOAT INSPECTION CHECKLIST

DURBAN SKI BOAT CLUB

- Download SAMSA checklist for your category of vessel. www.durbanskiboatclub.co.za/saftey
- Complete these forms, sign and initial each page

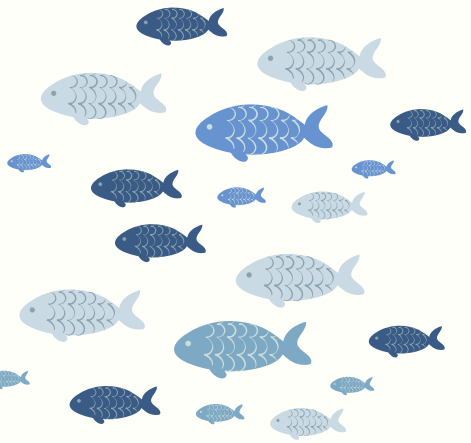
- Times:
  - Saturday 29th Nov 2025: 08:00 - 15:00
  - Sunday 30th Nov 2025: 08:00 - 12:00

Along with the arrival of the Dorado, quite a few Yellowfin Tuna were also caught over the last weekend, and while these are still mostly those 8 kg-sized fish, it is good to see at least some sign of them again in our local waters. Bottom fishing is still producing good catches of Geelbek and some Daga, with pretty regular catches of Black Musselcracker to spice things up. Friday looks to be the best day for fishing this week, with another weather front moving in around midday on Saturday, which makes this weekend perfect for your annual boat inspection. Our club safety officer, **Ronnie Windsor**, and his team of surveyors will be available from 8am to 3pm on Saturday and from 8am to 12pm on Sunday. As usual, we will have a fire extinguisher service on site for your convenience. Please ensure you have all necessary documents on hand upon arrival.



Durban Ski Boat Club

Finally, a strange but excellent catch was made by **Jeremy Bayne** from his boat "**Colourful Days**" on Friday. Jeremy headed out really deep in search of some bigger Yellowfin Tuna, and while pulling a spread, a massive 160.08kg Black Marlin jumped on a tiny Iland Lures kona. Jeremy spent 1hour 30 minutes fighting the fish to the side of the boat and, when he finally got it next to the vessel, discovered that the fish had lost its bill in a previous accident. The area where the bill was supposed to be was perfectly healed. Jeremy spent a long time trying to revive the fish, and although there was no sign that it had pushed out its swim bladder, the fish was unable to swim down after being released and was therefore brought into the club. After the fish was weighed and photographed, Jeremy very generously shared the fish with everyone, from the boat washers to fellow boaters, and nothing went to waste. What was interesting, though, was that when the fish was cleaned, it was found to have lots of golf ball-sized balloons of air, trapped close to the spine all along its length, which was a clear sign of the barotrauma that had prevented the fish from swimming back down to the depths. Congratulations, Jeremy, on a special, if slightly sad, catch, and thank you for so generously sharing your catch with everyone.
