

POINT WATERSPORTS CLUB CLUBHOUSE UPDATE

FROM THE GM'S DESK

Dear Members,

The summer months are just around the corner, and we're certainly starting to feel the warmer days. It's a great time to get down to the club, enjoy the sunshine and make the most of the season ahead.

Our Friday Night Club **Joker Card Draw** continues to roll over, with the prize pool now sitting at an impressive R22,680. Be sure to get your tickets at the till!

We have a spooktacular **Halloween Party** planned for Saturday, 31 October, with a DJ and plenty of fun. More details to follow, so start planning your costumes!

Please note: The club will be **closed** from 11h00 on Thursday, **29 October**. The bait room and tractor service will remain available.

This week's entertainment:

- **Friday:** Don Seagreen 17h30 to 20h30
- **Sunday:** Sly 13h00 to 16h00

We look forward to seeing you at the club!

Warm regards,
Grant Wessels
General Manager

Durban Ski Boat Club

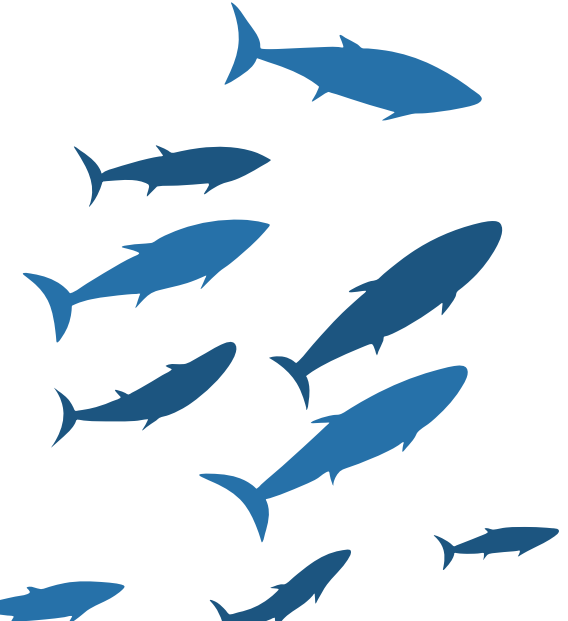

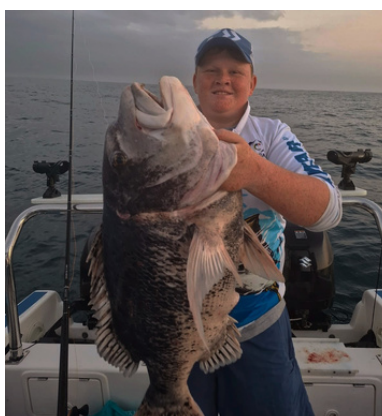

Over the weekend, our Club Captain, **Mark Justham**, dominated the Bobbies "Test of the Best Daga Competition" for the 2nd year in a row. Mark won this year's competition with a brilliant fish of 32.9 kg, beating his earlier best of this season by more than 4kg, as well as retaking his spot as brag board leader for Daga for this year. Well done, Mark!

The weekend overall was a pretty productive one for our members, with lots of good fish coming out. Decent Daga and Yellowtail once again made up most of the catches, but there were plenty of other good bottom fish caught too, including Mussel cracker, Englishmen and Rockcod.

Our annual **Durban Ski Boat Club AGM** is coming up on **Wednesday 21 October**, and we appeal to all our members to attend. This is where you can participate in decisions about the direction the club is moving and voice any opinions on the year ahead.

The weekend of the **28th and 29th of November** is set as our safety inspection weekend, and Ronny Winsor and his team of surveyors will be on hand to help you complete the C.O.F. renewal process smoothly. Once again, we will have a fire extinguisher service on site. All the required documents are available to download on our website.

Durban Undersea Club

SCUBA DIVING

After weeks of challenging sea conditions, the stars finally aligned for a DUC club dive to the Cooper Light wreck. The crew enjoyed glassy seas on the boat ride out, with good conditions on the wreck itself, around 10m visibility, a bottom temperature of 22°C and only light current and surge. DUC member **Adrian Pearton** had a particularly rewarding dive, photographing the beautiful harlequin goldies found around the stern. These striking fish are endemic to KwaZulu-Natal and the Eastern Cape, with males displaying spectacular pink, purple and blue colours when breeding or competing with rivals. Adrian also discovered a small colony of Antipatharian whip coral gobies, a first for him on a wreck, alongside plenty of moray eels and cleaner shrimp. A wonderful reminder of the unique marine life waiting to be discovered right here on our doorstep. For more information about joining DUC club dives, contact **Sarah** on 072 801 0606.

OPEN WATER SWIMMING

Our next DUC Monthly League Swim takes place on Saturday, **31 October**. Entries are available through My Club Account, so be sure to book your spot. Entry is R100 and includes a bacon and egg roll afterwards. Entries limited to 250 swimmers. For more information, contact **Steve** on 082 855 5516.

FREEDIVING

The DUC freedivers enjoyed a wonderful deep-blue dive over the weekend, with incredible glassy surface conditions making for a beautiful day in the ocean. The whales are still around, their songs carrying through the water as they continue their journey south. Soon, our coastline will feel a little quieter without them. With conditions hopefully giving us more opportunities to get out on the water, it's a great time to get involved. A reminder that the DUC Freediving Club Trip to Sodwana is filling up, with limited spaces remaining. The trip is open to all levels, and snorkellers are welcome too. For more information or to book, contact **Angie** on 082 874 1706.

SPEARFISHING

The shark observation survey currently stands at 201 submissions, with 16 forms received since 18 August. There are just four months remaining, so please keep those observations coming in. Remember, you can submit a form even if you haven't seen a shark. For more information about spearfishing with DUC, contact **Louis** on 084 556 0253.

ENVIRONMENTAL

Save the date for our next reef and beach cleanup with the environmental team and Breathe Conservation on Saturday, **24 October**. Bring your snorkelling gear, a dive buddy and a willingness to help care for our local marine environment. It's a great opportunity to get in the water, explore our reefs and make a practical difference by removing litter from the places we love. We hope to see plenty of members there!
