Durban Undersea Club

ENVIRONMENTAL | REEF & BEACH CLEANUP

Our next monthly **Reef and Beach Cleanup** with the DUC Environmental Team and Breathe Conservation is happening this **Saturday, 24 October** at 07:00, starting at Durban Undersea Club. This month's underwater highlight is the fascinating peacock mantis shrimp, alongside a reminder to switch off those sneaky home energy vampires! Bring your snorkel gear and a buddy, and join us in giving our local marine environment some love. Limited gear is available to borrow, so bring your own if you can. Everyone is welcome to get involved. We look forward to seeing you there!

OPEN WATER SWIMMING

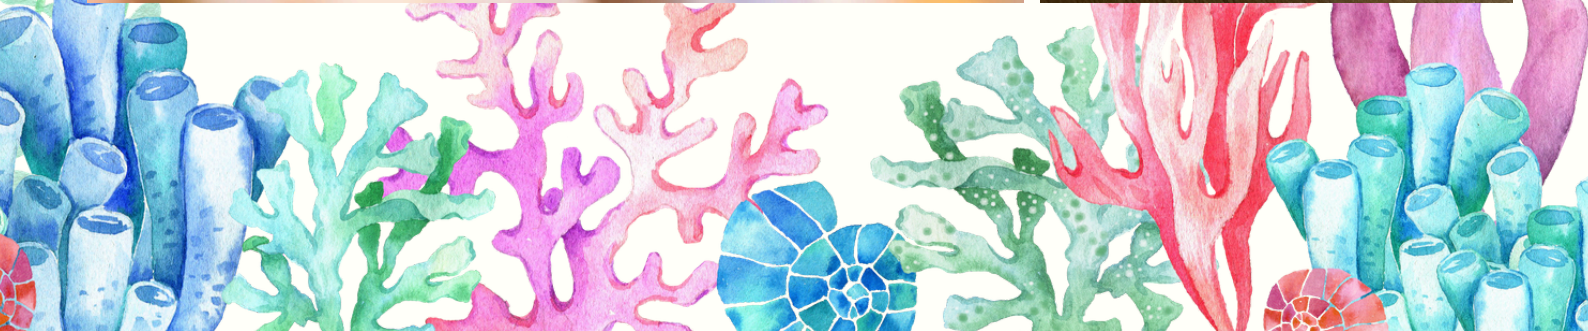

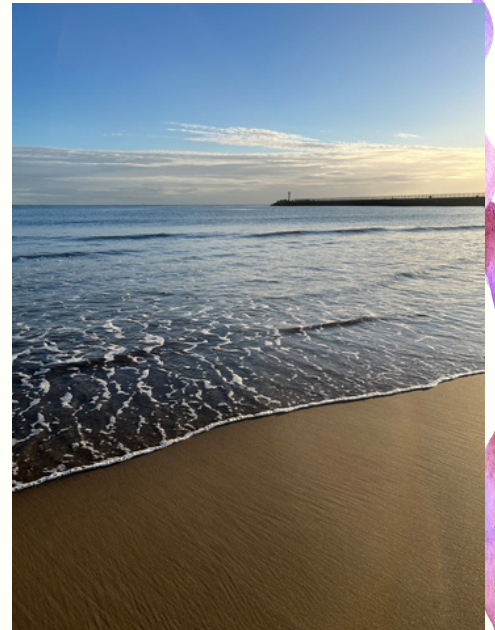

A reminder that our next DUC Monthly League Swim takes place on **Saturday, 31 October**. Entries are available through My Club Account, so be sure to book your spot. Entry is R100 and includes a bacon and egg roll afterwards. Registration is at 06h45 for a 07h15 start, with entries limited to 250 swimmers. Come join us for a morning in the ocean, followed by a well-earned breakfast with the club. For more information, contact **Steve** on 082 855 5516.

SCUBA DIVING

The scuba divers finally enjoyed some beautiful weather on Sunday, making the most of the conditions with two enjoyable dives. Visibility was good, although a strong current kept things interesting. Despite the extra effort, it was a great day to be back underwater and enjoy what our local sites have to offer. If you'd like to join an upcoming DUC club dive, contact **Sarah** on 072 801 0606 for more information.

FREEDIVING

The **DUC Freediving Trip to Sodwana** is a great opportunity to enjoy time in the ocean, connect with fellow club members and explore the underwater world. The trip is family friendly, open to all levels, and snorkellers are very welcome too. There is no need to be an experienced freediver to join in the fun. Spaces are limited, so get in touch soon if you'd like to come along. A quick course update: November courses are fully booked, but there is still space available in December for those wanting to begin or continue their freediving journey. For details on the Sodwana trip, upcoming courses or weekly apnea pool training, contact **Angie** on 082 874 1706.

Durban Ski Boat Club

Our **AGM is this Wednesday evening**, and it's a big one this year. We urge everyone to make an effort to attend and to have some input into the direction of the club for the next year.

This coming weekend we have a senior and a junior team heading to Rocky Bay to compete in the Park Rynie Ski Boat Club Interclub Tournament. This is the last interclub competition of the year and is usually a successful one for Durban. We wish all our anglers all the best for the tournament.

Fishing over the last week has once again produced some great catches, mostly of good Daga and Bek, but the exciting news is that some early Cousta have already been caught on the North Coast, and just before the weekend a few early Dorado were also hooked. Big schools of small Dorado were seen south of Durban, heading into the weekend, and as the water continues to warm, we should start to see the bigger fish being caught more regularly. Some good catches of bigger Snoek have also been made, both at Umdloti and Blue Lagoon, so these are worth targeting first thing in the morning.

Looking ahead to November, on the weekend of the **28th and 29th**, we will be holding our boat inspection weekend, and our safety officer, **Ronny Winsor**, and his team of surveyors will be on hand to get you through this annual inspection as smoothly as possible.
